Nanny's Banana Pudding

From my Nanny

- 1 package (5.1 oz box) Jell-o vanilla instant pudding
- 3 cups cold milk
- 2 bananas, sliced
- 1 box Nilla wafers (you'll use about 60 cookies)

1. Beat milk and pudding mix with whisk (or a really old hand blender) for 2 minutes. Let stand 5 minutes until soft set.
2. Meanwhile, layer Nilla wafers in an even layer in a 9x13 (or whatever dish Nanny happens to have in the kitchen) casserole dish. Cover bottom completely and up the sides.
3. Spoon half the pudding over the cookies and smooth.
4. Layer bananas in an even layer on top of the pudding.
5. Cover with more Nilla wafers and then the remaining pudding.
6. Garnish with a few more Nilla wafers if desired.
