

Veggie Train

Ingredients

Celery stalks, washed
Cream cheese, hummus or peanut butter
Carrots
Toothpicks
Olives or cherry tomatoes
Bits of veggies, fruit or nuts (optional)

Directions

Cut celery into 2 1/2 inch stalks.
Spread one teaspoon of cream cheese, hummus or peanut butter in each stalk.
Cut a carrot into circles about 1/4 inch thick to make the wheels.
Push a toothpick into the center of a carrot wheel. Add a wheel to the other end. Repeat to make 2 sets of wheels.
On a plate, arrange the wheels 1 1/2 inches apart.
Place the filled celery between the wheels to rest on the toothpicks.
Repeat as necessary for more train cars.
Place an olive (or cherry tomato) with a piece of green pepper (or broccoli) in the top on the front of one of the cars for an engine stack.
Add a piece of carrot (or a baby carrot) for the engine body.
If desired, load your train cars with raisins, craisins, peas, broccoli or nuts.

BLT Lollipops: Fill tortillas with herb cream cheese, bacon bits, thinly sliced tomato and lettuce. Eat right away—tomatoes can make the lollipops soggy.

Rainbow Fruit Lollipops: Fill tortilla with cream cheese and fruit leather or jam. Make several lollipops, using a rainbow of colors.

Pizza Pops: Fill tortilla with cream cheese, pepperoni, mozzarella and sliced black olives (optional). Dip in tomato sauce.
